

VOLUNTEER FORM...GET INVOLVED!

Hey Parents, Grandparents and loved ones of our Byck students...always wanted to get involved but didn't know how! Here is an easy way to show your support and be a part of the wonderful programs here at Byck. Please check any program you might be interested in helping with and we'll give you a call and tell you more! This is not a commitment form, simply an *interest* form...letting us know who you are and where your interests in helping are. We have something that every parent can help with (even working parents) so don't be shy...let us get to know you and show your children how important it is to GET INVOLVED in something you care about! We'll contact you to tell you more!

Please fill this out and return right away in your student's backpack! (Teachers please turn in to the PTA Box)

YEAR-ROUND COMMITTEES:

These committees have one meeting a month and plan special events or fundraisers to promote their cause at the school. The Dad's Club, for example, already has 2 events planned for this year...a "Daddy-Daughter Dance", and a "Mad Science Chili Cook-off Night". PLEASE take the time to check a box and let us call you with more information. We need lots of fun ideas and support from parents on these great new committees! Most meetings are flexible and can be scheduled around work hours. There are many opportunities to do planning and preparing from home. These are especially great for working parents that find it difficult to be at the school during school hours.

- Literacy Committee
- Dad's Club Committee
- Playground Committee
- Byck Botanist Committee
- Waldorf Enrichment Committee (Still needs chair)
- Classroom Parent (Each teacher needs at least one)
- Teacher Appreciation Committee (Still needs chair)
